Dog Carob Treat Recipe

Ingredients

• ¼ cup carob chips
• ½ cup unsalted peanut butter (be sure it doesn’t contain artificial sweeteners like xylitol)
• 4 cups whole wheat flour
• 2 cups quick-cooking oats
• 2 ½ cups warm water
• Heart-shaped or holiday-inspired cookie cutters

Instructions

1. Preheat your oven to 350°F.
2. Combine peanut butter, flour, oats, and water into a large bowl and mix well.
3. Once dough forms, knead it on a lightly floured surface until firm. Tip: Add a little water if the dough is too sticky to handle.
4. Roll the dough out to about an inch in thickness and cut out shapes using your cookie cutters or a small knife.
5. Bake for 40 minutes, then turn off the heat and let the treats stay in the oven until they harden (about 1 to 2 hours).
6. Prepare your carob chips by melting them in a double boiler (or other indirect heat source) while stirring occasionally.
7. Once the treats have cooled, dip them into the melted carob and place on a cooling rack until carob hardens.
